Intellectual Disability and Psychotherapy:
The Influence of Valerie Sinason

Date: Wednesday 10th April

Venue: Resource for London

356 Holloway Road, London, N7 6PA

<https://resourceforlondonondon.org>

ABOUT THE CONFERENCE

This conference will reflect, explore and celebrate the work of Dr Valerie Sinason, the noted psychoanalyst who has inspired a generation of clinicians, with such pioneering concepts as the ‘Handicapped Smile’ and ‘Secondary Handicap’. The conference will be based on the critically acclaimed book (2019) and will feature some of the renowned practitioners from that publication. Dr Sinason will open the conference with an appreciation of the late Dr. Alan Corbett and his clinical contribution.

Corbett, A. (2019). *Intellectual Disability and Psychotherapy. The Theories, Practice and Influence of Valerie Sinason.* Routledge.

The Institute of Psychotherapy and Disability (IPD)

The Institute of Psychotherapy and Disability exists as an organisation to support, develop, accredit and regulate psychotherapists who work with people with disabilities. Established in May 2000, The IPD has membership from differing theoretical and professional orientations.

<https://instpd.org.uk>

Association for Psychoanalytic Psychotherapy in the NHS and Public Sector (APP)

The APP is the association for professionals and students of all disciplines and backgrounds, who work in the NHS, public, or voluntary sector providing psychoanalytically informed care. The benefits to members include access to the journal, ‘Psychoanalytic Psychotherapy’

<https://app-nhs.org>

WHO SHOULD ATTEND?

The conference is primarily designed for people who work or who are interested in working in a therapeutic capacity with people with disabilities, focusing primarily on intellectual disabilities. But we believe other professionals in the field would benefit from the insights of the day.
